Jan Brett's lovable bunny hero, Hoppi, and the surprising outcome of his quest to impress the Easter Rabbit with the best Easter egg of all will enchant readers. If Hoppi can make the best Easter egg, he will get to help the Easter Rabbit with his deliveries on Easter morning. But it is not so easy. Discouraged, he goes for a walk in the woods and sees a blue robin egg tumble out of its nest. Hoppi keeps it safe and warm until the baby bird hatches. And when the Easter Rabbit arrives, he has a very special way to reward Hoppi for his kindness. Spring is everywhere in gorgeous illustrations framed with pussy willows, flowering vines and flowers. Side borders feature busy rabbits making their unusual eggs and, in a border above, the robin's family drama unfolds. A gatefold surprise reveals the Easter Rabbit in dramatic fashion. Easter Island, a World Heritage Site is still, after over 50 years since Thor Heyerdahl's work on the island, a fascinating area to explore and learn about a culture that has only remnants remaining, while documenting a marine ecology still mostly unknown. Easter Island: Scientific Exploration into the World's Environmental Problems in Microcosm presents

the research results from three years of interdisciplinary expeditions to Easter Island. The primary objectives were to investigate the effects of human population growth on the ecology of the island and to discover whether any dramatic climatic changes such as a prolonged El Niño could have disrupted the island's fragile ecosystem. The interdisciplinary scientific team were mainly researching the paleontology, archaeology, climatology, and geophysics of the island. This book now brings together the results of the three expeditions, identifies new areas of research, and hopefully will continue to inspire aspiring scientists to revisit this amazing island to explore and demystify this timeless enigma of human history. In this book of meditations Father Raniero Cantalamessa reflects on Christ's passion, death, and resurrection. First presented as a lenten retreat in Rome, together with the Good Friday homily in St. Peter's Basilica, the result is a rich and multifaceted exploration of this central mystery of the Christian faith. Christ's journey to Easter is such an immensely rich source that homilists, liturgists and believers who wants to plumb its depths know the challenge is not about lack of content, but rather where to begin. Like an experienced guide who knows the

territory and its many paths, Father Cantalamessa helps readers reach the spiritual center. His varying points of departure become stirring reflections on Easter. They culminate in a powerful meditation on the Servant Song in the light of the Passion narratives 'and the message of the victorious Christ. Raniero Cantalamessa, OFM Cap, is past professor of the history of Christian origins at the Catholic University of Milan and a past member of the International Theological Commission. He is preacher to the papal household and author of numerous books. After more than three decades of paleoecological research, the potential role of climatic and anthropogenic drivers on Easter Island's ecological and cultural change is still under discussion. This eBook aims to provide a synthetic view of the topic using evidence from different research fields such as paleoecology, archaeology, history and molecular phylogenetics. A holistic approach is provided to combine the results of these research fields into a comprehensive framework able to account for most of the available multidisciplinary evidence. This eBook is dedicated to the memory of John R. Flenley, the pioneer of paleoecological study of Easter Island, who passed away on June 22, 2018. World of Festivals retells the stories and

legends which are central to the origins of each festival as well as the historical, cultural and religious importance. This title explores the rites and rituals of Easter. ECPA BESTSELLER—Over one million copies sold! When a charming polar bear cub climbs into bed one night, she asks her Mama a very important question, one that little “human cubs” often wonder about, too: “Where did I come from?” As Mama bear tucks her youngest cub under the quilts, she gently, tenderly, and reassuringly communicates the message loving parents everywhere (bears and non-bears alike) want their little ones to hear: “We wanted you very, very much, and we are so very glad because—God gave us you.” Perfect for bedtime, naptime, storytime or anytime, *God Gave Us You* provides a valuable opportunity to build children's self-esteem every day and assure each one that he or she truly is a welcomed, precious, and treasured gift from the Lord. Also available in the *God Gave Us* series: *God Gave Us Two* *God Gave Us Christmas* *God Gave Us Heaven* *God Gave Us Love* *God Gave Us So Much* With an informative text and glorious illustrations, this book explains both how and why people all over the world celebrate Easter. It tells the biblical story of Jesus' Resurrection and then describes how people honor this day and the origins of these

traditions. Hands-on activities help draw children into the spirit of this joyous celebration of rebirth. Spring has sprung in Tinker's Cove, and Lucy Stone has a mile-long to-do list from painting eggs with her grandson, to preparing the perfect Easter feast, to reviving her garden after a long, cold winter, she hardly has time to search for a killer with a deadly case of spring fever. Lucy has always loved covering the annual Easter egg hunt for the Pennysaver. Hosted by elderly socialite Vivian Van Vorst at Pine Point, her luxurious oceanfront estate, it's a swanky event where the grown-ups sip cocktails while their children search for eggs that are as likely to contain savings bonds as they are jelly beans. But when Lucy arrives with her three-year-old grandson, VV's normally welcoming gates are locked, and a man dressed as the Easter Bunny emerges only to drop dead moments later. Lucy discovers that the victim is Van Vorst Duff, VV's grandson, and soon learns that not all is as it seems at idyllic Pine Point. As Lucy gathers a basketful of suspects, she's convinced that someone's been hunting for a lot more than eggs. And she'll have to chase the truth down a rabbit hole before the killer claims another victim. This powerful book of passages from Martin Luther's Easter sermons portrays the reformer's lasting

thoughts on faith, human imperfection, salvation through grace, and the wonder of God. The sermons explore events from Holy Week through the Resurrection. They combine marvelous insights with inspiring calls to action that are so characteristic of the great reformer: "The resurrection consists not in words, but in life and power." This book addresses the main enigmas of Easter Island's (Rapa Nui, in the Polynesian language) prehistory from the time of initial settlement to European contact with a multidisciplinary perspective. The main topics include: (i) the time of first settlement and the origin of the first settlers; (ii) the main features of prehistoric Rapanui culture and their changes; (iii) the deforestation of the island and its timing and causes; (iv) the extinction of the indigenous biota, (v) the occurrence of climatic shifts and their potential effects on socioecological trends; (vi) the evidence for a cultural and demographic collapse before European contact; and (vii) the influence of Europeans on prehistoric Rapanui society. The book is subdivided into thematic sections and each chapter is written by renowned specialists in disciplines such as archaeology, anthropology, paleoecology, ethnography, linguistics, ethnobotany, phylogenetics/phylogeography and history.

Contributors have been invited to provide an open and objective vision that includes as many views as possible on the topics considered. In this way, the readers may be able to compare different of points of view and make their own interpretations on each of the subjects considered. The book is intended for a wide audience including graduate students, advanced undergraduate students, university teachers and researchers interested in the subject. Given its multidisciplinary character and the topics included, the book is suitable for students and researchers from a wide range of disciplines and interests. The perfect Easter basket stuffer! The reflection identifies the theme of the day and presents how it is manifested in the Mass texts. What if the way to make the gospel new were simply to make it now; to preach the presence of the Resurrected One here, at this time and in this place. What if preaching were not about our cleverness in the pulpit, but rather God's decision to turn our lives upside down by coming among us? What, in short, if it were about Jesus, not us? The natives were entirely indifferent whether they worked or not, but by paying high wages and giving any quantity of mutton, we were able at this time to get a certain amount of precarious labour for digging and camp work. The whole lot, including my maid-servant, went in for every week-end to the village, and it was always a matter of anxiety to know whether they would ever return. -from Chapter XII

Western anthropology's first in-depth look at an isolated culture is also a daring adventure story of around-the-world travel. In February 1913, archaeologist Katherine Routledge set sail on a custom-built yacht-with a small crew and the support of British Association for the Advancement of Science, the British Museum, and the Royal Geographical Society-for Easter Island, where she embarked up the first effort to catalogue the island's mysterious statues, interview the natives, and document their culture, folklore, and traditions. Her scholarship is impeccable-this 1919 work is still considered foundational-but her lively writing and her practical perspective make this a delightful read that thrill armchair travelers and amateur ethnographers alike.

British archaeologist KATHERINE ROUTLEDGE (1866-1935) studied at Oxford University. She also wrote *With Prehistoric People* (1910), about her experiences in Africa after the Boer War.

Daily meditations for the seven weeks of the Easter season. Jan J. Carolyn Brown writes clearly and helpfully, with conviction and passion for what to share and how to share one's faith with children. It should be required reading for every parent, educator, and pastor who wants to communicate and celebrate the Easter faith with children. Brown packs a lot of practical suggestions,

insights, and activities into this very readable resource. I am confident children will mature in their understanding and affirmation of the Easter faith when they have been nurtured in families and congregations that take seriously what Brown offers.

--Donald Griggs, author of *Teaching Today's Teachers to Teach* It is easy to share the Christmas story and faith with children. The story is beautiful and lends itself well to pageants and other celebratory events for children. It is not so easy to share the Easter story and faith with children because the message and images are complex. Many parents have trouble articulating what Easter means to them personally much less answering their children's questions. In many congregations children are featured in palm parades on Palm Sunday, but they are not specifically planned for at other Holy Week services. When schools schedule an Easter break, many families go away and thus unintentionally bypass the whole Easter message for years. This book explores what the Easter message can mean to children as they grow up. The author helps congregations and families share the Easter message with their children and include the children meaningfully in Lent, Holy Week and Easter observances. Included are materials for children from birth

(in the church nursery) to age 12, and reproducible pages to create a booklet for parents. The first section of the book describes the particular parts of the Easter faith that are important to children at different ages and comments on the biblical Easter texts from a child's point of view. The second part of the book works through the Lenten season, describing ways congregations can include children and providing program and worship plans, including: Lenten disciplines for children and their families Ash Wednesday Celebrating Palm Sunday or looking ahead on Passion Sunday Maundy Thursday: Recalling the Last Supper Keeping Good Friday The church-sponsored Easter Egg Hunt Easter Sunday Morning Another part of the book offers help to leaders who want to share the content with teachers, parents, or committees. Also included is a comprehensive list of related resources. This carefully researched and well-grounded, practical resource from a highly regarded Christian educator will strengthen your educational ministry with children and support parents as they shape the faith of their children.
