Set in a near future world, the land of Lumaraeon, once nearly destroyed by war, is still trying to hold onto old customs and beliefs in gods while on the brink of another war that could once again tear the land asunder. *Experimental Heart: Pieces*, the first in the Experimental Heart Series, is set in the point of view of a human war experiment fugitive named Eira who, after facing death, is saved by an unlikely rescuer, a dragon shapeshifter. The two team up, along with her fellow comrades, to fight against the tyrannical ruler that created her and the major threat in the impending war. Originally published under title: *Prophetic destinies: who is Israel? who is the Church?: Lake Mary, Fla.: Creation House, c1992*. What started out as a strange assignment, lead to one of the most gruesome murder mysteries of our times. My friends and I are set and determined to find out who is killing off Fae and Witches alike. A “superior history of the North African campaign” and the British WWII victory that Winston Churchill called the end of the beginning (Booklist). It was the Allied victory at the Battle of El Alamein in November 1942 that inspired one of Churchill’s most famous aphorisms: “This is not the end, it is not even the beginning of the end, but it is, perhaps, the end of the beginning.” And yet the true significance of this iconic episode remains unrecognized. In this thrilling historical account, Jonathan Dimpleby describes the political and strategic realities that lay behind the battle, charting the nail-biting months that led to the victory at El Alamein in November 1942. It is a story of high drama, played out both in the war capitals of London, Washington, Berlin, Rome, and Moscow, and at the front, in the command posts and foxholes in the desert. *Destiny in the Desert* is about politicians and generals, diplomats, civil servants, and soldiers. It is about forceful characters and the tensions and rivalries between them. Drawing on official records and the personal insights of those involved at every level, Dimpleby creates a vivid portrait of a struggle which for Churchill marked the turn of the tide—and which for the soldiers on the ground involved fighting and dying in a foreign land. *Peyton's Fate Depends on the Unlikely Pawn* in a Quarter-Century-Old Crime When Agent Peyton Cote discovers a thirteen-year-old Ukrainian boy along the Canadian border, she has no

idea who placed him there or why. And Victor Tankov, on his deathbed in Russia, likes it that way. By giving the boy political asylum, Peyton sets in motion a plan twenty-five years in the making, leading back to the world's largest art heist at Boston's Gardner Museum. In his most ambitious work yet, D.A. Keeley blends one of the most famous crimes of the century with the ongoing Ukrainian crisis, creating an action-packed international thriller. As events unfold, Peyton hunts for a painting worth \$150 million and the criminal masterminds who are determined to sell it no matter the cost. Praise: "[A] solid third Peyton Cote novel."—Publishers Weekly "[A] superbly crafted, taut mystery...Keeley has yet another fast-paced, suspenseful and wholly believable mystery hit."—Kennebec Journal "Timely and gripping."—The Recorder

How did a pioneering company in the semiconductor industry not only survive but thrive in the face of the explosive change and upheavals that forced it to transform itself twice in the course of its thirty-year history? The answer lies in the quality of its strategy-making process, contends leading strategic management scholar Robert A. Burgelman in this extraordinary book based on an exhaustive twelve-year study he conducted inside Intel Corporation. At once a history of strategy-making at Intel as well as a strategy-making field manual that any high-technology manager will need to consult frequently, *Strategy Is Destiny* truly describes strategy-in-action as the way of life of senior executives in the corporation of the future. He's fallen for a woman . . . Anxious to meet her soon-to-be husband, Dallas Leigh, for the first time, mail-order bride Amelia Carson is en route to Fort Worth, Texas. When she steps off the train and locks eyes with her betrothed, she immediately feels drawn to him. But the cowboy standing before her isn't Dallas. Instead, Dallas's brother Houston has been sent to accompany her on the three-week journey to the ranch where she'll begin her new life. Who belongs to another . . . The war Houston Leigh fought has left him with visible scars, a daily reminder of his cowardice on the battlefield. Denying his intense attraction to Amelia, he is determined to deliver her untouched, as promised. But during their long dangerous trip, he can't help but admire her inner strength and fearlessness. And when she looks at him—as if she can see beyond his scarred face and read his innermost thoughts—he loses his heart to her. Now as they near the ranch, Houston must choose to remain loyal to his brother—or find the courage to fight for the woman he's convinced is his destiny . . . On the *Destiny of Nations: Resolving*

Our Economic Crisis gives policy makers and other leaders the premises and solutions they can use to substantively address a worldwide, crucial situation. This global economic crisis is not a mere recession. It is a restructuring of the financial systems of the world. The crisis will have three phases, and likely last over the next decade as the size of the debt and the escalating demographic claims on current social systems further reveal the brokenness of governmental social systems. As God uses this crisis to press His church to take appropriate responsibility and re-centers us on Christ's passion for seeking first the Kingdom of God, Destiny of Nations becomes an invaluable tool. Excerpts from On the Destiny of Nations "We need to bring principles, not politics, to the process. Criticizing the political parties and their shortcomings puts us on the wrong foot. Principles are far more important than personalities or political parties. Take the high ground in any fight, if possible. There are already too many critics and not enough problem solvers." "Therefore, let it be clear to friends and foes alike, that when we are talking about discipling nations and teaching them to obey the teachings of Christ in a biblical manner, that process cannot be forced in the political context. It can only be modeled by our own communities and powerfully argued by reason of the common good of both society and the souls of men and women" "We have many officials on all levels of government who do not have an adequate grasp of economic principles to be in positions where they are making budget and expenditure decisions. Many of them also lack the expertise to understand the consequences of those decisions." For a relic of war, death is my inevitable release. Most people can't kill without regret, but I don't have that luxury. I am a tank-created nu-human, and my sole purpose hinges on the whims of my tyrannical maniac creator. Town annihilations to political assassinations—I never disobey. Until I want more. When I escape beyond the realm of my former master, my only goal is safety—freedom—a life I always wanted. I should have known my creator would send deadly pursuers. He wants to remind me of what I'm never fated to have. Then destiny tempts me with the unexpected. When a dragon—a creature said to be long extinct—offers me a chance at true freedom from my former master's control, I don't know what to believe. In my line of work, trust kills. But something is different about this creature.... With nothing to lose, I agree to his terms. Now, I wait. Will he give me the freedom I crave, or did I seal my fate?

"A kingdom man is the kind of man that when his feet hit the floor each morning the devil says, 'Oh crap, he's up!'" So begins this powerful volume from Dr. Tony Evans, now in softcover. Tony believes that God wants every man to be a world-changer. He skillfully takes readers along a journey through the principles of biblical manhood, exploring how those who live, work, and minister around a kingdom man benefit from his leadership and care. Men will be challenged to fully understand their position under God as well as their position over what God has given them. Equipped

with these concepts, they can actively pursue ways to maximize and develop the character qualities of biblical manhood in their lives. As Tony contends, the enemy doesn't want you to know it, but you're not the man you think you are. You're a whole lot more. Starting now, you can be a kingdom man.
