NEW YORK TIMES BESTSELLER • The groundbreaking investigation of how the global elite's efforts to "change the world" preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today's news.

"Impassioned.... Entertaining reading." —The Washington Post Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they can—except ways that threaten the social order and their position atop it. They rebrand themselves as saviors of the poor; they lavishly reward "thought leaders" who redefine "change" in ways that preserve the status quo; and they constantly seek to do more good, but never less harm. Giridharadas asks hard questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? His groundbreaking investigation has already forced a great, sorely needed reckoning among the world's wealthiest and those they hover above, and it points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of building more robust, egalitarian institutions and truly changing the world—a call to action for elites and everyday citizens alike. Provocative and illuminating essays from women at the forefront of the climate movement who are harnessing truth, courage, and solutions to lead humanity forward. "A powerful read that fills one with, dare I say . . . hope?"—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SMITHSONIAN MAGAZINE There is a renaissance blooming in the climate movement:

leadership that is more characteristically feminine and more faithfully feminist, rooted in compassion, connection, creativity, and collaboration. While it's clear that women and girls are vital voices and agents of change for this planet, they are too often missing from the proverbial table. More than a problem of bias, it's a dynamic that sets us up for failure. To change everything, we need everyone. All We Can Save illuminates the expertise and insights of dozens of diverse women leading on climate in the United States—scientists, journalists, farmers, lawyers, teachers, activists, innovators, monks, and designers, across generations, geographies, and race—and aims to advance a more representative, nuanced, and solution-oriented public conversation on the climate crisis. These women offer a spectrum of ideas and insights for how we can rapidly, radically reshape society. Intermixing essays with poetry and art, this book is both a balm and a guide for knowing and holding what has been done to the world, while bolstering our resolve never to give up on one another or our collective future. We must summon truth, courage, and solutions to turn away from the brink and toward life-giving possibility. Curated by two climate leaders, the book is a collection and celebration of visionaries who are leading us on a path toward all we can save. of the Snark The Life and Letters of Lewis Carroll The Life and Letters of Lewis Carroll is a biography written by Carroll's nephew, Stuart Dodgson Collingwood, and published in 1898. It accidentally started the entire image of Lewis Carroll as a pedophile by deliberately suppressing all the evidence for his sometimes unconventional relationships with women, explaining that some of those women had been little girls... The Victorians had no concept of our modern idea of pedophilia. In fact, a man who loved pre-pubescent girls was considered especially saintly and innocent, and this was why Collingwood over-emphasized this aspect of his uncle's character so much. Charles Lutwidge Dodgson better known by the pseudonym Lewis Carroll (1832 - 1898), was an English author, mathematician, logician, Anglican deacon and photographer. Stuart Dodgson Collingwood (1870-1937) was an English clergyman and headmaster. He wrote two books about his uncle, Lewis Carroll. Written with all the scathing dark humor that is a hallmark of BoJack Horseman, Raphael Bob-Waksberg delivers a fabulously off-beat collection of short stories about love—the best and worst thing in the universe. Featuring: • A young engaged couple forced to deal with interfering relatives dictating the appropriate number of ritual goat sacrifices for their wedding. • A pair of lonely commuters who ride the subway in silence, forever, eternally failing to make that longed-for contact. • A struggling employee at a theme park of U.S. presidents who discovers that love can't be genetically modified. And fifteen more tales of humor, romance, whimsy, cultural commentary, and crushing emotional vulnerability. A cloth bag containing 20 paperback copies of the title that may also include a folder with sign out sheets. Now celebrating the 42nd anniversary of The Hitchhiker's Guide to the Galaxy, soon to be a Hulu original series! "A madcap adventure . . . Adams's writing teeters on the fringe of inspired lunacy."—United Press International Back on Earth with

nothing more to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of *The Hitchhiker's Guide to the Galaxy* all conspire to give Arthur the sneaking suspicion that something otherworldly is indeed going on. God only knows what it all means. Fortunately, He left behind a Final Message of explanation. But since it's light-years away from Earth, on a star surrounded by souvenir booths, finding out what it is will mean hitching a ride to the far reaches of space aboard a UFO with a giant robot. What else is new? "The most ridiculously exaggerated situation comedy known to created beings . . . Adams is irresistible."—*The Boston Globe*

In the ruins of civilization, a young girl's kindness and capacity for love will either save humanity -- or wipe it out in this USA Today bestselling thriller Joss Whedon calls "heartfelt, remorseless, and painfully human." Melanie is a very special girl. Dr Caldwell calls her "our little genius." Every morning, Melanie waits in her cell to be collected for class. The Book That Started It All Hardcover A quality pew and ministry Bible at a very economical price. - Complete text with subject headings and translators' footnotes. *The New York Times* and USA Today bestseller A revealing, dramatic, deeply personal book about the most significant events of our time, written by the former United States Ambassador to the United Nations Nikki Haley is widely admired for her forthright manner ("With all due respect, I don't get confused"), her sensitive approach to tragic events, and her confident representation of America's interests as our

Ambassador to the United Nations during times of crisis and consequence. In this book, Haley offers a first-hand perspective on major national and international matters, as well as a behind-the-scenes account of her tenure in the Trump administration. This book reveals a woman who can hold her own—and better—in domestic and international power politics, a diplomat who is unafraid to take a principled stand even when it is unpopular, and a leader who seeks to bring Americans together in divisive times.

Simon de Montfort's combination of charisma, determination, and fearlessness made him one of the greatest men of his age. Learn what it means to die to self and live for Christ victoriously in every area of your life. The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by

the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY. This is the original version of "Alice's Adventures in Wonderland" with Carroll's own original illustrations and John Tenniel's original illustrations. It was hand-written by Lewis Carroll for Alice Liddell between 1862 and 1864. The tale was first told by Carroll on 4 July 1862 to the three young daughters of Henry Liddell, Dean of Christ Church, Oxford, on a river boat trip. At Christmas 1886, the manuscript was published in a facsimile edition. This edition is certainly well worth reading, although it is shorter than the final form of the story—the later "Alice's Adventures in Wonderland" being about twice the length of the original "Alice's Adventures under Ground". Lewis Carroll (1832 - 1898), was an English author, mathematician, logician, Anglican deacon and photographer. We just can't get enough of the funny stuff kids say. We share our own children's gems with friends and family. If we're smart, we write down these scraps of accidental poetry. And we turn them into books. Martin Bruckner is an artist and father who not only recorded the sayings of his daughter, Harper, but used each as the inspiration for a work of art. After posting them on social media, Bruckner became the artist that other parents sought out to transform their own children's funny words into artwork. Collected here are 100 mini-posters of pure delight, a marriage of the children's surprising wisdom and the artist's nimble style, plus the occasional backstory that amplifies both. Every parent will recognize the spirited declarations of personality—"I'm training to be a wolf." The endearing mangling of language—"Mommy, I don't need your mouth to talk to me right now." The creative mixing of

metaphors—"I need a tissue to wipe my feelings." Those precious, heartbreaking outbursts without guile or filters—"I only love you at the toy store." Illustrated with sweetness and whimsy, each is a window into the irresistible innocence of childhood, even if the sentiment is "Dad, please wipe the bum of this beautiful princess."

The international sensation that illuminates the experiences women are supposed to hide—from addiction, anger, sexual assault, and infertility to joy, sensuality, and love. WINNER OF THE AN POST IRISH BOOK OF THE YEAR • "Emilie Pine's voice is razor-sharp and raw; her story is utterly original yet as familiar as my own breath."—Glennon Doyle, #1 New York Times bestselling author of Love Warrior In this dazzling debut, Emilie Pine speaks to the events that have marked her life—those emotional disruptions for which our society has no adequate language, at once bittersweet, clandestine, and ordinary. She writes with radical honesty on the unspeakable grief of infertility, on caring for an alcoholic parent, on taboos around female bodies and female pain, on sexual violence and violence against the self. This is the story of one woman, and of all women. Devastating, poignant, and wise—and joyful against the odds—Notes to Self is an unforgettable exploration of what it feels like to be alive, and a daring act of rebellion against a society that is more comfortable with women's silence. Praise for Notes to Self "Notes to Self begins as a deceptively simple catalogue of the injustices of modern female life and slyly emerges as a screaming treatise on just what it means to

make your own rules, turning the hand you've been dealt into the coolest game in town. Emilie Pine is like your best friend—if your best friend was so sharp she drew blood.”—Lena Dunham, #1 New York Times bestselling author of Not That Kind of Girl “To read these essays is to understand the human condition more clearly, to reassess one’s place in the world, and to reclaim one’s own experiences as real and valid.”—Sunday Independent “Harrowing, clear-eyed . . . Everyone should consider [this] priority reading.”—Sunday Business Post “Incredible and insightful—an absolute must-read.”—The Skinny “Agonizing, uncompromising, starkly brilliant. . . . [A] short, gleamingly instructive book, both memoir and psychological exploration—a platform for that insistent internal voice that almost any woman . . . wishes they had ignored.”—Financial Times “Do not read this book in public. It will make you cry.”—Anne Enright

The Birds' Christmas Carol is a touching story about Carol Bird, a Christmas-born child, who as a young girl is unusually loving and generous, having a positive effect on everyone with whom she comes into contact. She is the youngest member of her family and has devoted older brothers. At about the age of 5, Carol contracts an unspecified illness (possibly tuberculosis), and, by the time she is 10, she is bedridden. The novel primarily involves Carol making plans for a Christmas celebration for the nine Ruggles children, a poor, working-class family living near the Birds. The book is a wistful moral tale about a saintly child, but is enlivened by many humorous scenes, particularly those concerning the home life of the Ruggles family.

Kate Douglas Wiggin (1856-1923) was an American educator and author of children's stories. She started the first free kindergarten in San Francisco in 1878. Fantastic resource for teachers, children's church and VBS workers, children's choir directors, parents, and

grandparents. Anyone who uses music with kids of any age will want this one-of-a-kind treasury. Includes 230 songs, Divided into age-group sections: early childhood, early elementary, and late elementary. Songs also divided by topic, with a wide variety of general and seasonal themes. Imagine just for a moment the mom you desire to be. I'm sure it won't take long. You likely dream of this person at night when the house is silent, when you're alone, or when you are using any quiet moments you may have to reflect on your day. Do you ever lay in bed and think through what went wrong or what could have gone differently? When those moments come, what kind of parent do you desire to be?

Motherhood is beautiful. But sometimes the bigger issues of disobedience, unpredictability, inconsistency, chaos, and children who do not respond can rob the joy and darken our ideal picture-perfect vision of what "should be" or even what "could be." Even the lighter moments in motherhood can feel weighty because it feels temporary...as we anticipate any moment someone will defiantly throw a fit, whine, complain or absolutely revolt against the simplest of commands. Beautifully planned family outings can so quickly turn into disaster days we want to erase altogether from not only our photo albums but our memories. There are times when, as mothers, we can feel like we have no control. And worse still, there are times when we think we are doing it all wrong. As a mother to six, and expecting her seventh, Meg Marie Wallace understands this fully. But she has also discovered some very practical skills to give us back the reins in motherhood. In *With All Joy*, Meg invites us into a new way of parenting. She teaches us the practical skills to be proactive, rather than reactive, within this role of motherhood. Instead of waiting for a child to make a poor decision, we will learn to identify, anticipate, prepare and intentionally teach in advance for what problems will arise.

Whether we are in need of some fresh new ideas or a complete family overhaul, with all joy, we can transform our homes. I can not recommend this little excerpt on motherhood enough! It will encourage you to "parent in a way that is compassionate but controlled" and is filled with practical wisdom on training and raising our children in a home that is filled with joy! A book equally focused on your heart as a mama and your child's heart in your care.-Lindsey D., Sons (3, 1), expecting daughter in November 2019

Meg's book is full of insight I can use directly with my own children. This book is gold! It's parenting and training advice is so complete and encouraging! If you have children in your life, this is an uplifting read you can't miss.-Meghan C., Daughter (6), Son (2)

I just finished Meg's book and we are already starting some trainings! I just see things every day that I'm like oh boy we need to figure out a training for that! It's exciting, overwhelming, daunting... but I'm so hopeful! And thankful for a roadmap and guide to know where to begin! It's really so helpful and there's so much good information. I'm so excited to tell all my friends about it!!! We literally talk all the time about how we wish there was something that gave practical applications and not just the heart issue stuff. The heart issues are most important and definitely need to be addressed first and foremost over and over again, but then we're always like BUT THEN WHAT?! And I feel like this is just that! I have thought for the longest time there has to be a better way! AND MEG HAS THE BETTER WAY!-Casey L., Son (4), Daughters (3, 1)

Meg's teaching is revolutionizing my parenting! Knowing Meg as a friend, along with reading her blog, I can say she lives her life with complete authenticity. She writes from a place of experience and truth, and leaves you feeling inspired and utterly convicted in the sweetest way. My faith has been blessed by her wisdom, and I'm so excited to witness that wisdom transform our home and family, as we put this teaching into action! Phenomenal job Meg! I've

already begun to witness change in not just my parenting, but my own attitude and mindset. Love you friend!!!!

-Kimberly V., Daughters (6, 4) John Medina is a living legend with the CIA, a shadowy specialist in Black Ops, those operations that are never openly funded, and the details of which never see the light of day. Neima Burdock is a communications specialist for the CIA who retired from field work after the death of her husband, also an agent and under orders from John Medina. When Niema is needed in an arms deal operation headed by John she is extremely reluctant to take the job but her director convinces her. Niema and John enter the underground world of an international arms dealer and its many dangerous and glamorous intrigues. They discover a passion for each other, but will they survive the race to evade the people who are trying to kill them and transmit the documents they have managed to steal? In this revealing autobiography, Canada's first lady of song, for the first time, tells the whole story of her astonishing 40-year career in show biz. It is a candid retrospective of the extraordinary success achieved, and the prices that had to be paid. "After 'Snowbird' hit, I was swept up like Dorothy in The Wizard of Oz, and catapulted into a strange new universe ... If I thought for a moment that I was really in control of events, I was deluded." Anne Murray An unflinching self-portrait of Canada's first great female recording artist, All of Me documents the life of Anne Murray, from her humble origins in the tragedy-plagued coal-mining town of Springhill, Nova Scotia, to her arrival on the world stage. Anne recounts her story: the battles with her record companies over singles and albums; the struggle with drug- and alcohol-ridden band members; the terrible guilt and loneliness of being away from her two young children; her divorce from the man who helped launch her career, Bill Langstroth; and the deaths of two of

her closest confidantes. The result is a must-read autobiography by Canada's beloved songbird.
