Like his other books in both ethical theory and applied ethics, which have recently been published in English, the essays included are distinguished by the philosophical rigor and meticulous attention to the primary and secondary literature of the various topics discussed In her second compilation of published writing, Brianna Wiest explores pursuing purpose over passion, embracing negative thinking, seeing the wisdom in daily routine, and becoming aware of the cognitive biases that are creating the way you see your life. This book contains never before seen pieces as well as some of Brianna's most popular essays, all of which just might leave you thinking: this idea changed my life. A collection of the year's best essays, selected by award-winning journalist and New Yorker staff writer Kathryn Schulz "The world is abundant even in bad times," guest editor Kathryn Schulz writes in her introduction, "it is lush with interestingness, and always, somewhere, offering up consolation or beauty or humor or happiness, or at least the hope of future happiness." The essays Schulz selected are a powerful time capsule of 2020, showcasing that even if our lives as we knew them stopped, the beauty to be found in them flourished. From an intimate account of nursing a loved one in the early days of the pandemic, to a masterful portrait of grieving the loss of a husband

as the country grieved the loss of George Floyd, this collection brilliantly shapes the grief, hardship, and hope of a singular year. The Best American Essays 2021 includes ELIZABETH ALEXANDER - HILTON ALS - GABRIELLE HAMILTON - RUCHIR JOSHI - PATRICIA LOCKWOOD- CLAIRE MESSUD - WESLEY MORRIS - BETH NGUYEN - JESMYN WARD and others Curated by the #1 New York Times bestselling author of Wild, this volume shares intimate perspectives from some of today's most acclaimed writers. As Cheryl Strayed explains in her introduction, "the invisible, unwritten last line of every essay should be and nothing was ever the same again." The reader, in other words, should feel the ground shift, if even only a bit. In this edition of the acclaimed anthology series, Strayed has gathered twenty-six essays that each capture an inexorable, tectonic shift in life. Personal and deeply perceptive, this collection examines a broad range of life experiences—from a man's relationship with Mormonism to a woman's search for a serial killer; from listening to the music of Joni Mitchell to surviving five months at sea; from triaging injured soldiers to giving birth to a daughter; and much more. The Best American Essays 2013 includes entries by Alice Munro, Zadie Smith, John Jeremiah Sullivan, Dagoberto Gilb, Vicki Weiqi Yang, J.D. Daniels, Michelle Mirsky, and others. Through a series of poems, a young girl chronicles the life-changing year of 1975, when she, her mother, and her brothers leave Vietnam and resettle in Alabama. The essay is one of the richest of literary forms. Its most obvious characteristics are freedom, informality, and the personal touch--though it can also find room for poetry, satire, fantasy, and sustained argument. All these qualities, and many others, are on display in The Oxford Book of Essays. The most wide-ranging collection of its kind to appear for many years, it includes 140 essays by 120 writers: classics, curiosities, meditations, diversions, old favorites, recent examples that deserve to be better known. A particularly welcome feature is the amount of space allotted to American essayists, from Benjamin Franklin to John Updike and beyond. This is an anthology that opens with wise words about the nature of truth, and closes with a consideration of the novels of Judith Krantz. Some of the other topics discussed in its pages are anger, pleasure, Gandhi, Beau Brummell, wasps, party-going, gangsters, plumbers, Beethoven, potato crisps, the importance of being the right size, and the demolition of Westminster Abbey. It contains some of the most eloquent writing in English, and some of the most entertaining. The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett's prose is seductive and inviting: with Patchett as a guide, readers will really get to grips with the power of struggles, failures, and triumphs alike." —Publisher's Weekly "Any story that starts will also end." As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of These Precious Days is the title essay, a surprising and moving meditation on an unexpected friendship that explores "what it means to be seen, to find someone

with whom you can be your best and most complete self." When Patchett chose an early galley of actor and producer Tom Hanks' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom's brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo's children's books (author of The Beatryce Prophecy) to youthful memories of Paris; the cherished life gifts given by her three fathers to the unexpected influence of Charles Schultz's Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author's grace, wit, and warmth, the pieces in These Precious Days resonate deep in the soul, leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time. "Nothing Good Can Come from This is a book about generative discomfort, surprising sources of beauty, and the odd, often hilarious, business of being human." —Leslie Jamison, author of The Empathy Exams and The Recovering Kristi Coulter inspired and incensed the internet when she wrote about what happened when she stopped drinking. Nothing Good Can Come from This is her debut--a frank, funny, and feminist essay collection by a keen-eyed observer no longer numbed into complacency. When Kristi stopped drinking, she started noticing things. Like when you give up a debilitating habit, it leaves a space, one that can't easily be filled by mocktails or ice cream or sex or crafting. And when you cancel Rosé Season for yourself, you're left with just Summer, and that's when you notice that the women around you are tanked—that alcohol is the oil in the motors that keeps them purring when they could be making other kinds of noise. In her sharp,

incisive debut essay collection, Coulter reveals a portrait of a life in transition. By turns hilarious and heartrending, Nothing Good Can Come from This introduces a fierce new voice to fans of Sloane Crosley, David Sedaris, and Cheryl Strayed—perfect for anyone who has ever stood in the middle of a so-called perfect life and looked for an escape hatch. Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work. Essays meant for students of English language lucid and simple. Good narrative style which follows the art of Essay writing .Richly fused with Essays, Letters and guided writing material. Format of Letters as per the interactive method In this bestselling compilation of essays, written in the clear-eyed, uncompromising language for which he is famous, Orwell discusses with vigor such diverse subjects as his boyhood schooling, the Spanish Civil War, Henry Miller, British imperialism, and the profession of writing. George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. The National Book Award-winning author compiles a “thought-provoking volume” of essays by Joyce Carol Oates, Oliver Sacks, Jaquira Diaz and others (Publishers Weekly). As Jonathan Franzen writes in his introduction, his main criterion for selecting *The Best American Essays 2016* “was whether an author had taken a risk.” The resulting volume showcases authorial risk in a variety of forms, from championing an unpopular opinion to the possibility of ruining a professional career, or irrevocably alienating one’s family. What’s gained are essential insights into aspects of the human condition that would otherwise remain concealed—from questions of queer identity, to the experience of a sibling’s autism and relationships between students and college professors. *The Best American Essays 2016* includes entries by Alexander Chee, Paul Crenshaw, Jaquira Diaz, Laura Kipnis, Amitava Kumar, Sebastian Junger, Joyce Carol Oates, Oliver Sacks, George Steiner, Thomas Chatterton Williams, and others. Essays from 'The Guardian': Large Print By Walter Pater [3] THE making of an anthology of English prose is what must have occurred to many of its students, by way of pleasure to themselves, or of profit to other persons. Such an anthology, the compass and variety of our prose literature being considered, might well follow exclusively some special line of interest in it; exhibiting, for instance, what is so obviously striking, its imaginative power, or its (legitimately) poetic beauty, or again, its philosophical capacity. Mr. Saintsbury's well-considered *Specimens of English Prose Style*, from Malory to Macaulay (Kegan Paul), a volume, as we think, which bears fresh witness to the truth of the old remark that it takes a scholar indeed to make a [4] good literary selection, has its motive sufficiently indicated in the very original "introductory essay," which might well stand, along with the best of these extracts from a hundred or more deceased masters of English, as itself a document or standard, in the matter of prose style. The essential difference between poetry and prose—"that other beauty of prose"—in the words of the motto he has chosen from Dryden, the first master of the sort of prose he prefers: -that is Mr. Saintsbury's burden. It is a consideration, undoubtedly, of great importance both for the writer and the critic; in England especially, where, although (as Mr. Saintsbury rightly points out, in correction of an imperfectly informed French critic of our literature) the radical distinction between poetry and prose has ever been recognized by its students, yet the imaginative impulse, which is perhaps the richest of our purely intellectual gifts, has been apt to invade the province of that tact and good judgment, alike as to matter and manner, in which we are not richer than other people. Great poetry and great prose, it might be found, have most of their qualities in common. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access

to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience. Presents an anthology of the best literary essays published in 2014, selected from American periodicals. 'A good essay must draw its curtain round us, but it must be a curtain that shuts us in, not out.' According to Virginia Woolf, the goal of the essay 'is simply that it should give pleasure...It should lay us under a spell with its first word, and we should only wake, refreshed, with its last.' One of the best practitioners of the art she analysed so rewardingly, Woolf displayed her essay-writing skills across a wide range of subjects, with all the craftsmanship, substance, and rich allure of her novels. This selection brings together thirty of her best essays, including the famous 'Mr Bennett and Mrs Brown', a clarion call for modern fiction. She discusses the arts of writing and of reading, and the particular role and reputation of women writers. She writes movingly about her father and the art of biography, and of the London scene in the early decades of the twentieth century. Overall, these pieces are as indispensable to an understanding of this great writer as they are enchanting in their own right. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more. Winner of the 2018 National Book Critics Circle Award for Criticism A New York Times Notable Book From Zadie Smith, one of the most beloved authors of her generation, a new collection of essays Since she burst spectacularly into view with her debut novel almost two decades ago, Zadie Smith has established herself not just as one of the world's preeminent fiction writers, but also a brilliant and singular essayist. She contributes regularly to *The New Yorker* and the *New York Review of Books* on a range of subjects, and each piece of hers is a literary event in its own right. Arranged into five sections--In the World, In the Audience, In the Gallery, On the Bookshelf, and Feel Free--this new collection poses questions we immediately recognize. What is The Social Network--and Facebook itself--really about? "It's a cruel portrait of us: 500 million sentient people entrapped in the recent careless thoughts of a Harvard sophomore." Why do we love libraries? "Well-run libraries are filled with people because what a good library offers cannot be easily found elsewhere: an indoor public space in which you do not have to buy anything in order to stay." What will we tell our granddaughters about our collective failure to address global warming? "So I might say to her, look: the thing you have to appreciate is that we'd just been through a century of relativism and

deconstruction, in which we were informed that most of our fondest-held principles were either uncertain or simple wishful thinking, and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes--and this had taken the fight out of us somewhat." Gathering in one place for the first time previously unpublished work, as well as already classic essays, such as, "Joy," and, "Find Your Beach," *Feel Free* offers a survey of important recent events in culture and politics, as well as Smith's own life. Equally at home in the world of good books and bad politics, Brooklyn-born rappers and the work of Swiss novelists, she is by turns wry, heartfelt, indignant, and incisive--and never any less than perfect company. This is literary journalism at its zenith. Zadie Smith's new book, *Grand Union*, is on sale 10/8/2019. One of Book Riot's "The Best Books We Read in October 2018" "To say this collection is transgressive, provocative, and brilliant is simply to tell you the truth." —Roxane Gay, author of *Hunger* and *Bad Feminist* Smart, humorous, and strikingly original essays by one of “America’s most bracing thinkers on race, gender, and capitalism of our time” (Rebecca Traister) In these eight piercing explorations on beauty, media, money, and more, Tressie McMillan Cottom—award-winning professor and acclaimed author of *Lower Ed*—embraces her venerated role as a purveyor of wit, wisdom, and Black Twitter snark about all that is right and much that is wrong with this thing we call society. Ideas and identity fuse effortlessly in this vibrant collection that on bookshelves is just as at home alongside Rebecca Solnit and bell hooks as it is beside Jeff Chang and Janet Mock. It also fills an important void on those very shelves: a modern black American feminist voice waxing poetic on self and society, serving up a healthy portion of clever prose and southern aphorisms as she covers everything from Saturday Night Live, LinkedIn, and BBQ Becky to sexual violence, infant mortality, and Trump rallies. Thick speaks fearlessly to a range of topics and is far more genre-bending than a typical compendium of personal essays. An intrepid intellectual force hailed by the likes of Trevor Noah, Chimamanda Ngozi Adichie, and Oprah, Tressie McMillan Cottom is “among America’s most bracing thinkers on race, gender, and capitalism of our time” (Rebecca Traister). This stunning debut collection—in all its intersectional glory—mines for meaning in places many of us miss, and reveals precisely how the political, the social, and the personal are almost always one and the same. The first-ever collection of essays from across Elizabeth Hardwick's illustrious writing career, including works not seen in print for decades. A New York Times Notable Book of 2017 Elizabeth Hardwick wrote during the golden age of the American literary essay. For Hardwick, the essay was an imaginative endeavor, a serious form, criticism worthy of the literature in question. In the essays collected here she covers civil rights demonstrations in the 1960s, describes places where she lived and locations she visited, and writes about the foundations of American literature—Melville, James, Wharton—and the changes in American fiction, though her reading is wide and international. She contemplates writers’ lives—women writers, rebels, Americans abroad—and the literary afterlife of biographies, letters, and diaries.

Selected and with an introduction by Darryl Pinckney, the *Collected Essays* gathers more than fifty essays for a fifty-year retrospective of Hardwick's work from 1953 to 2003. "For Hardwick," writes Pinckney, "the poetry and novels of America hold the nation's history." Here is an exhilarating chronicle of that history. "Some of the finest examples of contemporary, genuinely American prose. White's style incorporates eloquence without affection, profundity without pomposity, and wit without frivolity or hostility. Like his predecessors Thoreau and Twain, White's creative, humane, and graceful perceptions are an education for the sensibilities." — Washington Post The classic collection by one of the greatest essayists of our time. Selected by E.B. White himself, the essays in this volume span a lifetime of writing and a body of work without peer. "I have chosen the ones that have amused me in the rereading," he writes in the Foreword, "alone with a few that seemed to have the odor of durability clinging to them." These essays are incomparable; this is a volume to treasure and savor at one's leisure. "One hundred incisive, idiosyncratic essays on life and theater from a major American playwright "Don't send your characters to reform school!" pleads Sarah Ruhl in one of her essays. With titles as varied as "On Lice" to "On Sleeping in Theaters" and "Motherhood and Stools (The Furniture Kind)," these essays are artful meditations on life in the arts and joyous jumbles of observations on everything in between. The pieces combine admonition, celebration, inquiry, jokes, assignments, entreaties, prayers, and advice: honest reflections distilled from years of working in the theater. They offer candid accounts of what it is like to be a mother and an artist, along with descriptions of how Ruhl's children's dreams, jokes, and songs work themselves into her writing. 100 Essays is not just a book about the theater. It is a map of a very particular artistic sensibility and a guide for anyone who has chosen an artist's life"-- A selection of essays on writing and reading by the master short-fiction writer Lydia Davis Lydia Davis is a writer whose originality, influence, and wit are beyond compare. Jonathan Franzen has called her "a magician of self-consciousness," while Rick Moody hails her as "the best prose stylist in America." And for Claire Messud, "Davis's signal gift is to make us feel alive." Best known for her masterful short stories and translations, Davis's gifts extend equally to her nonfiction. In *Essays One*, Davis has, for the first time, gathered a selection of essays, commentaries, and lectures composed over the past five decades. In this first of two volumes, her subjects range from her earliest influences to her favorite short stories, from John Ashbery's translation of Rimbaud to Alan Cote's painting, and from the Shepherd's Psalm to early tourist photographs. Excerpt from *Essays to Do Good: Addressed to All Christians, Whether in Public or Private Capacities* When we say, that there is nothing good but heaven, we must be understood as including in that idea all which is requisite or useful, in preparing for heaven; because, when any particular means are necessary to the attainment of an end, they must be considered as partaking of the importance by which it is recommended to us, and as entitled to the same kind of practical regard which it demands from us. Now the gospel of Christ may be considered as the great instrument by which sinful men can ever be enabled to reach the heavenly happiness. It is appointed of God for that very purpose. It is possessed of every quality which can be deemed essential to its efficacy and success. And as without it no man can hope to be saved, so by its influence and power the greatest sinner may be restored to the station from which guilt had banished him, and become an inhabitant of the paradise above. As, therefore, in doing good to others, we should propose to ourselves their final introduction into heaven, so in carrying on our work, we must study to make them acquainted with that plan of divine mercy by which alone their introduction into heaven can be accomplished. If we set aside this method of redemption altogether, or if we do not give it that prominence and operation which its Author has assigned to it, we cannot be said to do them any good. We may cherish towards them what kindness we please, and we may anxiously desire that they may be happy at last; but we nullify all the kindness, and we frustrate all the desires that we feel in their behalf, when we keep back from them, or do not labour to make known to them, the instituted way of salvation. We do good to them only when, 'along with a benevolent ambition that they may enter into the joy of our Lord, we instruct them in the path by which it may be attained. In this honest and tender collection of essays, award-winning memoirist Michele Weldon asks what it means to be a mature woman seeking a life of purpose and meaning through work, family, and relationships. Facing ageism and invisibility within popular culture, Weldon examines the effects of raising children, striving for applause, failing expectations, forming new friendships, reconciling lost dreams, and restoring one's faith. With sincerity and humor, she unwraps family traditions, painting classes, lap swimming, dress codes, and career disappointments. She addresses white privilege and her evolving understanding of racism. And she asks crucial questions about mortality, finding connection in writing and stories. Frank, eloquent, and daring, Weldon dissects the intricacies of life, journeying toward self-discovery as a mother, daughter, sister, and friend.
