RevMED teaches students how to interpret clinical cases by presenting key details of the history and examination of a patient and making them choose between five plausible options. RevMED contains questions on a broad variety of topics in general medicine and surgery that range in difficulty to cover the basics, but also challenge even the most able students. The explanations include up-to-date guidelines and a thorough exploration of not only the correct answer, but a breakdown of the incorrect options as well. Therefore, each SBA is a form of case-based tutorial that can succinctly communicate a concept in general medicine or surgery. Question books are an exceptionally useful resource for medical students preparing for their clinical exams. RevMED is designed by medical students who recently sat clinical written examinations and has been reviewed by doctors/professors thereby combining clinical accuracy with a student-friendly delivery. Summary The TOGAF 9 certification program is a knowledge-based certification program. It has two levels, leading to certification for TOGAF 9 Foundation and TOGAF 9 Certified, respectively. The purpose of certification to TOGAF 9 Certified is to provide validation that, in addition to the knowledge and comprehension of TOGAF 9 Foundation level, the Candidate is able to analyze and apply this knowledge. The learning objectives at this level therefore focus on application and analysis in addition to knowledge and comprehension. This Study Guide supports students in preparation for the TOGAF 9 Part 2 Examination, leading to TOGAF 9 Certified. This third edition contains minor updates to remove references to the TOGAF 8-9 Advanced Bridge Examination¹ and also adds four bonus practice examination questions to Appendix B. It gives an overview of every learning objective for the TOGAF 9 Certified Syllabus beyond the Foundation level. Single best answer (SBA) questions have been introduced into the FRCR Part 2A examination of the Royal College of Radiologists in the UK for the first time. This book of 600 SBA questions and explanatory answers has been written to aid students preparing for the exam by current trainees in clinical radiology, coordinated through The Society of Radiologists in Training (SRT). Questions are grouped by topic and each topic is split into three papers of 70 questions, with explanations separated into chapters to enable readers to either attempt a whole mock exam paper or to browse question by question. The book is a bridge between a pure revision aid and a reference text, including a bibliography of useful references for further information. Candidates for other professional exams in Radiology will find the text useful, as will and those from other specialties wishing to explore the radiological aspects of their syllabus in greater depth.
