Chosen the best book from over 300 entries, Winning at Trial has been singled out by the Association of Continuing Legal Education (ACLEA) for its clarity and innovative teaching methods. Winning at Trial by Shane Read is the only book that teaches trial skills by analyzing video and transcripts of actual trials. It is also the only book that reveals the secrets of jury decision-making through the use of video in collaboration with one of the nation's foremost jury consultants, DecisionQuest. This innovative book is being used by law schools throughout the country for both their introductory and advanced trial advocacy classes, as well as by law firms for their training programs. The author, a seasoned trial lawyer and professor, has carefully selected video and transcripts from actual trials (4 hours of video on two DVDs) that show lawyers demonstrating both great and terrible skills in the courtroom - which teach trial techniques and strategy in an interesting and memorable way. In his book, "One Man's Walk With God", author Jeremy B. Strang brings to the pages a personal approach regarding our need to authentically walk with God, especially as it pertains to the preparation of trials and fears that are sure to come. Whether you are in the throes of personal darkness and various types of battles, or you are seemingly on the mountain top of life, you will want to read this intimate account. Each chapter is presented in the form of a letter and close conversation with God, and applicable for the reader desiring to grow in the faith. \*\* It is Jeremy's hope and prayer that you will be edified and challenged, given peace and freedom, and most importantly, encouraged and driven to know God more intimately. Proceeds from the purchase of this book benefits Jeff and Stephanie Bys, AFM missionaries in Kenya. Learn more: [AFM.ngo](http://AFM.ngo) \*\* "When God transforms a life by His grace, the person's very nature is changed by the indwelling nature of Almighty God. Jeremy Strang has undergone that spiritual metamorphous. How do I know? Because of what flows out of him. Out of the abundance of the heart the mouth speaks, or in this case he writes. He writes about a love affair with his God and Savior. I pray as you read that you too will fall in love with the one who is 'The Desire of All Nations, The King of kings, The Lord of lords, The Maker of Heaven and Earth, the altogether Lovely One, and our glorious Redeemer'. Eternity will not be sufficient to grasp the magnitude and greatness of our God." - David Ravenhill,

Itinerant Preacher, Teacher and Writer \*\* "Written with a heart to edify believers, this book will encourage you to communion more with God and thirst and hunger after Him. I recommend it. For those who spend time with God truly will become more like Him." - Greg Gordon, Founder of Sermon Index From the moment it was released nearly thirty years ago, Modern Trial Advocacy has been the go-to textbook of law professors from coast to coast, offering a sophisticated, theory-driven approach to advocacy training that distinguishes it from all other books in the field. Authors Steven Lubet and J.C. Lore have updated this modern classic by merging it with features of the law school edition, creating an invaluable reference for litigators and trial lawyers at every stage in their career. This all-inclusive edition introduces handy checklists and a chapter on trial basics, as well as new research on juror perception and decision making, cross-examination techniques to use when discovery is limited, and exclusive online materials, including demonstration videos, that will enhance your acquisition of skills. Now that the remote practice of law has become a part of our system of justice, readers will find the skills taught in these pages as applicable to online trial preparation and hearings (and even, perhaps, to the future of trials) as they are in face-to-face litigation. As NITA's bestselling text since 1993, Modern Trial Advocacy remains the gold standard in advocacy treatises. Criminal Pretrial Advocacy serves as a resource for educators, students, and beginning trial attorneys by focusing on what criminal lawyers primarily do-prepare cases and settle them. In order to assist preparation, the text emphasizes strategy and ethics. For educators, this text would be ideal for pretrial advocacy courses. For students, it can serve as an introduction and careful description of the process of trial preparation and settlement. Unlike casebooks, this text offers a clear and practical description of the logistics of trial preparation and tips for case settlement. For practitioners, it provides a foundation, or a basic guide, for introducing new attorneys to the pre-trial procedures they might otherwise be unfamiliar with. By reading and studying Criminal Pretrial Advocacy, advocates will be better prepared for trial and in a better position to prevail. Throughout, we relate the foundations of criminal pretrial advocacy; we discuss filing charges, developing a persuasive case theory, and bail review strategies. You will learn how successful attorneys interview their clients and witnesses. We explain proper discovery procedure and draw on our courtroom experience to identify the methods needed to effectively litigate preliminary and grand jury hearings. A significant portion of the text is devoted to the mechanics of preparing and presenting motions. Criminal Pretrial Advocacy will also provide strategies for arriving at successful case settlements. When you are finished, you will possess the tools to prepare confidently and successfully for criminal trials. Criminal Pretrial Advocacy will be most effective when used in conjunction with our mock trial companion book, Criminal Mock Trials. The companion book presents a comprehensive set of interesting case files with a variety of pretrial and trial issues for students to explore. Together the companion book and this text present a series of criminal practice cases, hypothetical cases, checklists, and notes on ethical considerations. Both texts present stimulating pretrial advocacy and ethical issues to facilitate provocative discourse. Because an advocate's success in criminal law stems from the meticulous planning that takes place during the pretrial stages, attorneys must prepare thoroughly. Criminal Pretrial Advocacy and Criminal Mock Trials will provide you with the tools needed to achieve this goal. Terry Adamson has taught trial advocacy and pretrial advocacy classes at Pepperdine University School of Law for eighteen years and is one of the trial team coaches for Pepperdine's nationally acclaimed trial advocacy program. She is also a former Los Angeles County Deputy District Attorney, and has prosecuted a wide range of cases. She was the co-prosecutor for the high-profile, thirteen month long jury trial known as the "Chinatown" case, in which one of the multiple murder victims was a police officer. Professor Adamson was a Malibu Superior Court Commissioner for eighteen years, presiding over every aspect of felony and misdemeanor cases.

She is currently the Distinguished Jurist in Residence at Pepperdine University School of Law. Professor Adamson is a recipient of the David McKibbin Outstanding Teaching Award. H. Mitchell Caldwell teaches Criminal Law and Criminal Procedure as well as trial advocacy courses and serves as advisor of the law school's highly successful interschool trial teams. Before joining the Pepperdine faculty, he was a trial prosecutor in Santa Barbara and Riverside Counties. Professor Caldwell routinely represents condemned prisoners in the appeals of their death sentences before both the California Supreme Court and the U.S. Supreme Court. He has written extensively in the area of criminal procedure, trial advocacy, and the death penalty and is the co-author of *Ladies and Gentlemen of the Jury* (1998), *And the Walls Came Tumbling Down* (2004) and *The Devil's Advocates* (Fall 2006). This popular series of books celebrates significant jury trials and the lawyers who tried the cases. *Ladies and Gentlemen of the Jury* was selected by the Los Angeles Times as a best non-fiction selection. Caldwell also co-authored *The Art and Science of Trial Advocacy* for use at the law school level. Professor Caldwell has received several teaching awards including the Luckman Distinguished Teaching Award and was the recipient of the Richard Jacobson Award as the nation's premier trial advocacy teacher in 2000. Buy a new version of this textbook and receive access to the Connected eBook with Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. *Advocacy Excellence: The Jury Trial* teaches students the art and science of 21st century trial advocacy through the eyes of two seasoned, tenacious, and successful female trial attorneys who bring over 60 years of combined experience to the text. With a sharp and practical focus on how the digital age has changed trial practice, students will gain the ability to successfully advocate in today's smart courtrooms using electronically stored information, social media, and technology in all phases of trial. This text teaches classic courtroom skills with a modern and spirited tone, using examples from real trials and step-by-step practice guides along with insider tips about the strategy and execution techniques that wins trials. This clear, concise, and easy-to-understand text is organized into three distinct sections: Part I: Preparation — investigation, preliminary case analysis, developing a case theory, and merging the case theory into the actual trial Part II: Practice — techniques and advice that provide simple steps to successful jury selection, openings, direct and cross examination, impeachment, cross of special witnesses, and summation Part III: Strategy — navigating the courtroom, how to admit or oppose evidence at trial, objections, and the end game of jury deliberation. Learn the law, ethics, and strategy of trial advocacy with step-by-step instructions and useful chapter ending process guides and infographics to reinforce skills. Professors and students will benefit from: Question and answer examples in every chapter that teach how to ask strategic and purposeful questions during jury selection, depositions, pretrial hearings, direct examination, cross examination, impeachment, and the admitting or opposing of evidence. Illustrations and charts that demonstrate how to create various proof matrices, timelines, witness statement charts, transcript keys, and how to structure opening, direct, and cross examination. Feature text boxes that highlight practice tips, ethical issues, and other “beware” concerns for trial and provide explanations of “why this works” for certain skills taught in a new and modern manner. In-depth coverage of the role of social media and emojis as evidence, plus how to authenticate social media and other electronic or digital evidence at trial. Reference sheets designed for students to copy for continued use in both an academic, experiential setting and the first years of practice as a new trial lawyer. Written by an experienced Texas trial attorney, *The Art of Witness Preparation* provides guidance on preparing witnesses to testify effectively and persuasively at civil trials, hearings, and depositions. Unlike most literature devoted to trial advocacy, this book

focuses on the witnesses' performance in the courtroom instead of the lawyer's, addressing an often neglected angle for the civil trial attorney. The author divides witness preparation into seven distinct parts: (1) the witness interview; (2) explaining deposition procedures; (3) explaining trial and hearing procedures; (4) preparing the witness for cross-examination; (5) preparing the witness for direct examination; (6) discussing witness appearance and demeanor; and (7) role-playing and practice. The Art of Witness Preparation also contains a checklist for attorneys to use in recalling and applying the principles of this book in their own witness preparation sessions. Book jacket. Over the past few years, public attention focused on the Jian Ghomeshi trial, the failings of Judge Greg Lenehan in the Halifax taxi driver case, and the judicial disciplinary proceedings against former Justice Robin Camp have placed the sexual assault trial process under significant scrutiny. Less than one percent of the sexual assaults that occur each year in Canada result in legal sanction for those who commit these offences. Survivors often distrust and fear the criminal justice process, and as a result, over ninety percent of sexual assaults go unreported. Unfortunately, their fears are well founded. In this thorough evaluation of the legal culture and courtroom practices prevalent in sexual assault prosecutions, Elaine Craig provides an even-handed account of the ways in which the legal profession unnecessarily – and sometimes unlawfully – contributes to the trauma and re-victimization experienced by those who testify as sexual assault complainants. Gathering conclusive evidence from interviews with experienced lawyers across Canada, reported case law, lawyer memoirs, recent trial transcripts, and defence lawyers' public statements and commercial advertisements, *Putting Trials on Trial* demonstrates that – despite prominent contestations – complainants are regularly subjected to abusive, humiliating, and discriminatory treatment when they turn to the law to respond to sexual violations. In pursuit of trial practices that are less harmful to sexual assault complainants as well as survivors of sexual violence more broadly, *Putting Trials on Trial* makes serious, substantiated, and necessary claims about the ethical and cultural failures of the Canadian legal profession. Competing cases and clients can keep you from bringing enough hours, analysis, and organization to readying your cases for trial. Beth D. Osowski's *Trial Preparation Tools* can help. Use its strategies, tips, forms, checklists, calendars, and idea lists to be better prepared and more efficient. You'll also find tips for effective discovery, picking juries, and proving facts.\* **Practical checklists:** You receive dozens of countdown calendars and to-do checklists that will help you stay organized.\* **Idea triggers:** From theme possibilities through initial opening phrases to sentences for concluding closings, the idea lists will help you brainstorm possibilities for your cases.\* **Voir dire aids:** Learn juror characteristics with the book's voir dire questions and juror questionnaires. Record and analyze your results with her juror selection matrices.\* **Powerful openings:** Sample themes, writing suggestions, and delivery tips help you start persuasively. This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work. With a focus on the similarities between real-world depositions, *Preparing Witnesses, Third Edition*, provides strategies to make a witness comfortable and effective in the courtroom. *Preparing Witnesses, Third Edition*, will aid in refining skills for delivering witness testimony with an impact. *A Practical Guide to Managing Clinical Trials* is a basic, comprehensive guide to conducting clinical trials. Designed for individuals working in research site operations, this user-friendly reference guides the reader through each step of the clinical trial process from site selection, to site set-up, subject recruitment, study visits, and to study close-out. Topics include staff roles/responsibilities/training, budget and contract review and management, subject study visits,

data and document management, event reporting, research ethics, audits and inspections, consent processes, IRB, FDA regulations, and good clinical practices. Each chapter concludes with a review of key points and knowledge application. Unique to this book is "A View from India," a chapter-by-chapter comparison of clinical trial practices in India versus the U.S. Throughout the book and in Chapter 10, readers will glimpse some of the challenges and opportunities in the emerging and growing market of Indian clinical trials. Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. Trial Techniques and Trials unveils the strategies and thought processes that lawyers use in the courtroom as they present evidence and construct a persuasive argument. Tom Mauet's clear writing and abundant examples explain and illustrate every step of the jury trial process. Comprehensive yet concise, the Tenth Edition provides authoritative coverage, from opening statements, to jury selection, direct-examination, cross-examination, exhibits, objections, and more. Trial Techniques and Trials, Tenth Edition, features: Integrated discussion of the strategy and psychology of persuasion—particularly regarding jury selection, opening statements, and closing arguments Numerous illustrations from tort cases, criminal cases, and commercial trials Broad and flexible use of examples that allows readers to focus on either the plaintiff's or the defendant's side of the case—or both. A logical organization that follows the chronology of a trial process Tear-away checklists for trial preparation and review Lectures on video of critical moments in a trial litigation, now on the companion website, in addition to a jury trial (on video) and a complete trial notebook (with forms) "All of the essays ... first appeared in *Litigation*"--P. viii. Now in its fourth edition, *Modern Trial Advocacy: Canada* is the first and last word in Canadian trial practice. This classic handbook, published by the National Institute for Trial Advocacy, gives practitioners a detailed road map for conducting a trial. Expanding on the original text written by Steven Lubet for an American audience, experienced Toronto trial lawyers Cynthia Tape and Julie Rosenthal guide the beginning advocate in developing a winning case theory through all phases of trial. They explain how to present a case as a story – and powerfully and persuasively tell that story to the jury. *Modern Trial Advocacy: Canada* provides not only Canadian case law and statutes, but also valuable insight into the specific elements of Canadian litigation practice as it presents a realistic and contemporary approach to learning and developing trial advocacy skills. This book offers a sophisticated, theory-driven approach to advocacy training that distinguishes it from other books in the field. The fourth edition has been updated with current citations to case law, statutes, and rules and the latest "best practices" for using technology in the courtroom. The third edition of *Proof* includes clear, simple and easy-to-follow methods for organising and analysing evidence and includes an increased focus on the preparation of the defence case. A detailed Appendix provides a step by step analysis of a case and shows the practical application of charting evidence in order to construct the strongest possible case for presentation at trial. An encyclopedic guide to the modern practices, techniques, and tactics used in preparing and trying cases, with model programs for the handling of all types of litigation. A mock trial may officially begin with opening statements, but experienced competitors know that the dialogue between counsel and the court beforehand can make or break their chances of prevailing. In this new edition of *Mock Trials* the authors have added an entire new chapter (Pretrial Matters) to explain the questions students should ask before a mock trial begins and why the answers to those questions are important. Just as in an actual trial, pre-trial matters do matter in mock trials because they can affect nearly every aspect of case preparation and presentation. First published in 2000, *Mock Trials* has become the leading textbook used by students and coaches to prepare

for mock trial competitions. The Second Edition improves upon the first by providing students and coaches at every level with a complete step-by-step guide to preparing, presenting, and winning a mock trial. Diagrams, charts and summaries, as well as sample fact scenarios, colloquies, and arguments, are used to explain complicated concepts simply in an easy-to-follow and interesting manner. This textbook is specifically designed for use by pre-law and law students, but the legal and stylistic techniques it teaches remain applicable throughout lawyers' careers. For high school and undergraduate students competing in mock trials or considering a career in law, Mock Trials gives a solid overview of the conduct of a trial from start to finish. It's also perfect for mock trial coaches to use as a how-to guide. The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts. Walks step-by-step through the process of self-representation in court, offering practical strategies and tips while providing coverage of pre-trial matters, trial day proceedings, and beyond. Excerpt from Brickwood's Sackett on Instructions to Juries, Vol. 1 of 3: Containing a Treatise on Jury Trials and Appeals With Forms of Approved Instructions and Charges Annotated, Also Erroneous Instructions With Comment of the Court in Condemning Them At the outset, it is apparent that a work of this kind should contain a brief treatise on trials by jury, which should embrace the empanelling of the jury, the opening statement of counsel, the examination of witnesses, the arguments of the attorneys and the instructions by the court. It should also cover the preparation of bills of exception, the record for appeal, abstracts and briefs in the appellate courts. In other words, it should take the trial lawyer from the opening of the trial to the end of the proceedings in the court of last resort. This manifestly would have no reference to the pleadings in the case and would only incidentally bear upon rules of evidence. It would not supersede the excellent works on trials already published suitable for students, but would aim to supply the busy trial lawyer with an epitome of the subject in a comprehensive but concise form.
