*Letter's from Tomas* Jun 24 2020 Connected throughout time and space were a man and a woman. Although they had yet to meet, there was a knowing deep in their souls of a love they shared. Do you have a longing that you can't quite put your finger on? Does the twin flame phenomena stir something inside you? It took me well into adulthood to finally find the courage to peer into the realms of my soul where the Pleiadian elders held my hand, connecting me with Tomas within the twin flame phenomenon. What does a person do when they are shown a wormhole to a different dimension by entities that have time traveled down to a mere thought wave? Letters were shared by my intangible mate and not one in pen. My beloved Tomas and the Pleiadians led me on a journey to my destiny. Only the wildlife that shared the woodlands, where the little stone cabin rested, were to bear witness of the esoteric events that unfolded that summer, where the river runs north. Telepathic energies allowed me to learn much from the previous unfamiliar realms of my mind, validated by the Pleiadians who in turn shared timeless and insightful lessons for anyone to read and follow—thirty in all. The Pleiadians, my teachers, my guides, and my friends influenced the principles in this book, with their wisdom to share with those seeking to raise the vibrations of the planet with the twin flame unions. Through my personal mission, I learned the intricate details of the power of thought and how the simplicity of the little things we take for granted are in fact the big things, linking us telepathically to our collective subconscious. Past, present, and future come full circle when we look inside the origins of our soul.

Lavender Flame Reiki Attunement Jun 05 2021 Receive the Lavender Flame Reiki attunement instantly. Lavender Flame energy was channeled to the American Energy Master Suraya by Quan Yin in 2001. Through the use of the mantra Namō Quan Shi Yin P'u-Sa, Quan Yin can be called in very strongly to a healing session where the Lavender Flame energy is being used. The Lavender Flame has the characteristic of transmuting negative and unwanted energy very fast and for bringing purification to a person. It has the initial feeling of being a gentle and nurturing energy, but in reality is very strong and does its work very effectively. It has a link energetically to the Violet Fire energy and works through the energy structures in our chakras. People with good self-awareness can work with this energy effectively, to break the karmic behavioral patterns they are holding that are not of love, by working with the Lotus Jewel of Karmic Release in their heart chakras. People with good psychic ability can work with this energy to connect with the Higher Beings and to develop their third eye capabilities. Quan Yin is assisted with this energy by Isariel and Suriel from the Angelic realms and the angels may be called in to participate in the healing sessions. Lavender Flame Reiki was founded by Andrea "Suraya" Meyers. Please read Usui Reiki Attunements by Chris Comish before receiving this attunement.

Reiki in Clinical Practice Dec 11 2021 Reiki is a healing technique, using gentle touch with the hands placed on or slightly away from the body to optimize physical, mental and emotional health. It is based on the assumption that the flow of energy through the body can be supported and adjusted to promote wellness. Reiki in Clinical Practice is aimed at two main groups: 'medical' practitioners and those with a 'medical' background such as nurses, osteopaths, physical therapists, who may be familiar with Reiki but lack an evidence-based guide on conditions for which Reiki is most effective and who want the 'ammunition' to justify its use in their practice; those unfamiliar with Reiki but who are interested in finding how it can benefit their patients. The book provides an accurate description of Reiki, based on qualitative and quantitative scientific evidence, in terms of how it can be used in medical settings to benefit patients of all types, physiologically and psychologically. It achieves this by following the journey of the author (a scientist), starting from her unsolicited encounter with Reiki and personal observations to her continuing testing of its validity and her quest to determine its effectiveness through robust, scientific investigation. The author distils the essence of the currently peer-reviewed published research to produce a clear outline of the effectiveness of Reiki in alleviating disease and imbalance in various body systems. She will provide a summary of the effectiveness of Reiki (based on a review of surveys of its use) in various circumstances and locations. She presents possible mechanisms by which Reiki may exert its effects. Unlike most books about Reiki, the book is written in a scientific style with which medical practitioners are familiar (clear, precise, logical and concise), so they will be more likely to read it, judge the evidence for themselves, and hopefully support, extend and develop Reiki treatment and

training programs so that their patients will have more access to a non-invasive, inexpensive complementary therapy to assist in their healing.

*Reiki for Beginners: Your Guide to Reiki Healing and Reiki Meditation With Useful Techniques to Increase Your Energy and Cleansing your Aura* Apr 15 2022 Are you struggling to find your own spiritual path and balance your energy? There are two main arguments *Reiki for Beginners* makes. The first is that the prevalence of many insurmountable issues like burnout, stress, fatigue, and depression occurs due to the absence of energy, or rather 'the crisis in energy'. It is the lack of energy that incapacitates people who suffer from stress – they do not have the strength or vitality to manage their challenges. The more challenges, the more energy you need to rise to the occasion of overcoming them. In this sense, energy is a currency. It helps us triumph over obstacles and difficulties while allowing us to stave off physical ailments and keep spiritual desolation at bay. The second point of this book is to emphasize that we need something to help us restore this absence of energy. *Reiki for Beginners* explores how Reiki is one of the few practices that get to the root of 'the energy crisis'. While Reiki is often connected to mystics and spirituality, it follows an analytical approach demonstrating everyday evidence of how Reiki is codified into our behavior. It highlights how the Reiki practices of healing through physical touch, meditation, the power of symbolism, and the use of mantras are essential practices. They are not crucial in our reaction to the 'energy crisis' but they are deeply ingrained in our behavior as humans. They are so ingrained that while we daily heal others through physical touch, we do it without knowing that we are applying Reiki practices. This guide explores the origins, Reiki Levels, and applications of Reiki through an analytical and practical lens. It is a vital read if anyone wishes to overcome their own absence of energy and help to respond to increasing levels of burnout, stress, and spiritual desolation.
