accounting from the ground up. Management Accounting. Balance Sheet | Profit/Loss Account | Profit Plan | Finance Plan | Budgeted Balance Sheet. "Management Accounting." wants to give a comprehensive overview of the topic accounting/controlling - the Big Picture which shows the central elements of accounting/controlling and their connections. "Management Accounting." deals with the contents of and the connections between balance sheet, profit/loss account, contribution margin costing, results statement, profit plan, finance plan and budgeted balance sheet. In the operating business these elements are often viewed at and analyzed in an isolated way, although they build on a common data basis, and although there is constant interaction between them. In "Management Accounting." the mentioned elements are reflected in an overall way under consideration of the existing connections between them. From the basic concept of presenting a comprehensive overview and concentrating on connections, the title "Management Accounting." has been derived - What should or must people who are managers in an enterprise, know about accounting or understand of accounting? Target groups of "Management Accounting." are students of economic/business courses in the framework of their basic education or in the framework of their introductory courses as well as students doing post-graduate programmes, and also managers in enterprises with practical experience - all of them facing the challenge of having to understand and to apply the linking connections of accounting/controlling in enterprises. "Management Accounting. Workbook 1 – Balance Sheet | Profit/Loss Account" is based on the textbook "Management Accounting." and is designed for supplementing the textbook "Management Accounting". The textbook "Management Accounting." describes in detail the Big Picture – the central overall connection in accounting/controlling – as well as the elements which affect this connection: Balance Sheet | Profit/Loss Account | Profit Plan | Finance Plan | Budgeted Balance Sheet. The "Workbook 1 – Balance Sheet | Profit/Loss Account" is based on the textbook "Management Accounting." and presents and explains in detail – in form of numerical

examples – the effects of concrete accounting activities and business cases in and on balance sheet and profit/loss account. Target groups of "Management Accounting. Workbook 1 – Balance Sheet | Profit/Loss Account" are students of economic/business courses in the framework of their basic education or in the framework of their introductory courses, students doing post-graduate programmes, as well as managers in enterprises with practical experience – all of them facing the challenge of having to understand and to apply the basic connections of accounting in enterprises – presented in and through balance sheet and profit/loss account. "Management Accounting. Workbook 1 – Balance Sheet | Profit/Loss Account" is supplemented and continued by "Management Accounting. Workbook 2 – Profit Plan | Finance Plan | Budgeted Balance Sheet".

Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters
